Medrio (Health Care Domain)	
<p>At Medrio, making life easier for clinical researchers and trial participants is at the heart of everything we do. Using technology to collect data or understand the consent process blows paper collection out of the water. We offer full-service solutions to streamline your research so you can focus on your patients rather than multiple vendors. But we also know that new technology can be intimidating. So our focus is on designing user and patient-friendly solutions that are, dare we say, even a bit enjoyable to use.</p>	
Technology Stack	Selenium Web-driver, Java, TestNG, Jenkins
